

AMERICAN CERTIFIED SUPPLY CHAIN CYBERSECURITY PROFESSIONAL (AC-SCCP)®

The Global Credential for Securing
Digital & Physical Supply Chains

Protect • Detect • Respond • Recover • Lead

POWER TAGLINE

When Cybersecurity Fails, Supply Chains Stop. Be the Leader Who Prevents the Breach.

A globally recognized certification validating **specialized cybersecurity expertise** for protecting **ERP/WMS/TMS platforms, OT/ICS environments, supplier networks, IoT systems, and third-party ecosystems** across modern supply chains.

CERTIFICATE OVERVIEW

The **AC-SCCP®** credential prepares professionals to **secure end-to-end supply chains** against cyber threats, data breaches, ransomware, and third-party vulnerabilities.

Designed for cybersecurity, supply chain IT, and vendor-risk professionals, this program builds mastery in **zero-trust architectures, IT/OT security, blockchain integrity, AI-driven threat intelligence, incident response, and global regulatory compliance**, enabling secure, resilient global operations.

WHO SHOULD ENROLL

Designed for:

- Supply Chain & Operations Managers responsible for IT/OT security
- Cybersecurity Professionals in logistics, procurement & manufacturing
- Vendor & Third-Party Risk Management Specialists
- IT/OT & ICS Security Managers
- Cyber Risk & Resilience Consultants

Recommended Background:

- 2+ years in cybersecurity, supply chain IT, or vendor risk management
- Familiarity with NIST CSF, ISO 27001, or CISA frameworks
- Bachelor's degree preferred (IT, Cybersecurity, Supply Chain)

CERTIFICATION LEARNING OUTCOMES

By earning AC-SCCP®, professionals will be able to:

- Identify supply chain-specific cyber threats and attack surfaces
- Secure ERP, WMS, TMS, supplier portals, and cloud platforms
- Protect IT/OT and ICS environments in logistics & manufacturing
- Deploy zero-trust and identity access management (IAM) solutions
- Conduct vendor and third-party cyber risk assessments
- Apply blockchain, encryption & identity controls for data integrity
- Use AI-driven analytics for threat detection and risk sensing
- Design incident response, forensics & recovery plans
- Communicate cyber risk, ROI & resilience to executives and boards

CERTIFICATION DOMAINS

Core Cybersecurity Domains:

- Supply Chain Cybersecurity Foundations – 10%
- Threats, Vulnerabilities & Attack Surfaces – 12%
- IT/OT & ICS Cybersecurity – 12%
- Zero-Trust & Identity Access Management – 10%
- Third-Party & Vendor Risk Management – 12%
- Blockchain, Encryption & Data Integrity – 10%
- AI, Analytics & Threat Intelligence – 8%
- Incident Response, Forensics & Recovery – 10%
- Global Regulations & Compliance (ISO, NIST, GDPR, CISA) – 8%
- Business Value, ROI & Executive Communication – 8%

ADVANCED TECHNICAL COVERAGE

Hands-On Topics Include:

- Ransomware, malware, phishing & insider threats
- API, EDI, IoT & cloud-based attack vectors
- OT protocols (Modbus, OPC-UA, MQTT) & network segmentation
- Zero-trust, MFA, PAM & federated identity
- Blockchain, PKI, digital signatures & secure multi-party transactions
- AI/ML for anomaly detection & predictive cyber risk sensing

INCIDENT RESPONSE & RESILIENCE

Cyber Resilience in Action:

- Incident response playbooks for supply chain cyber events
- Forensic investigations & evidence handling
- Business continuity & disaster recovery strategies
- Cybersecurity as a competitive advantage

EXAM DETAILS

AC-SCCP® Examination Overview:

- Format: **100 case-based multiple-choice questions**
- Duration: **90 minutes**
- Passing Score: **70%**
- Mode: **Online proctored or test center**
- Retake Policy: **One free retake within 90 days**
- Certification Validity: **3 years** (renew via CPUs or re-exam)

CAREER PATHWAYS

Career Opportunities After AC-SCCP®:

- Supply Chain Cybersecurity Specialist
- Vendor & Third-Party Risk Analyst
- IT/OT Security Manager
- Cyber Risk & Compliance Consultant
- Business Continuity & Cyber Resilience Manager

AC-SCCP® positions you as the guardian of supply chain continuity.

ACCREDITATION & QUALITY ASSURANCE

Governance & Credibility

- Administered by AAPSCM®
- Aligned with ISO/IEC 17024 certification standards
- SME-led exam development
- Psychometric validation & blueprint governance

EXECUTIVE CALL TO ACTION

**Secure the Supply Chain. Protect the Enterprise.
Lead Cyber Resilience with Confidence.**

AAPSCM® – Spartanburg, SC Chapter & Center

Venture X Building, Columbia, SC 29201, 18th Floor

Mailstop: 450 Ganton Ct. Blythewood SC 29016 | +1-(803)998-2189

AAPSCM® – Dallas, Texas Office and Conference Center

2540 Walnut Hill Ln, Dallas, TX 75229. Building 2B (Inside Parker U. Campus)

Mailstop: 2701 Little Elm Pkwy Ste 100 Little Elm, TX 75068
