

CHARTERED SUSTAINABLE SUPPLY CHAIN MANAGER (CSSCM)®

ESG • Circular Economy • Green Procurement • Carbon Reduction • Resilience

Offered by: American Association of Procurement,
Supply Chain & Tourism Management (AAPSCM®)

**The Chartered Credential for Sustainable
& Ethical Supply Chain Leadership**

CERTIFICATION OVERVIEW

The **Chartered Sustainable Supply Chain Manager (CSSCM)®** validates advanced expertise in **designing, managing, and leading sustainable, ethical, and resilient supply chains.**

This credential focuses on integrating **ESG standards, circular economy principles, green procurement, carbon-reduction technologies, and climate resilience** into global supply chain operations—while aligning with **UN Sustainable Development Goals (SDGs)** and international sustainability regulations.

WHO SHOULD EARN CSSCM®

Ideal Candidates:

- Supply chain professionals specializing in sustainability
- ESG, compliance, and responsible sourcing managers
- Procurement, logistics, and operations leaders driving green initiatives
- Consultants in sustainable and ethical supply chain operations

Recommended Background:

- 2+ years of experience in supply chain, procurement, ESG, or logistics
- Familiarity with GRI, CDP, ISO 14001, or SASB standards
- Bachelor's degree preferred

WHAT YOU WILL BE ABLE TO DO

After earning **CSSCM®**, professionals can:

- Design supply chains that balance cost, performance, and sustainability
- Integrate ESG requirements into sourcing, logistics, and manufacturing
- Implement green procurement and supplier sustainability audits
- Measure and report Scope 1–3 carbon emissions accurately
- Apply circular economy and closed-loop supply chain models
- Use IoT, blockchain, and AI for traceability and ESG reporting
- Build resilience strategies for climate and geopolitical disruptions
- Communicate sustainability KPIs, impact, and ROI to stakeholders
